She fixed a busted timing chain in California
She come up Revvin, said she never red lined
She overheated on the freeway north of
Needles
she couldn't make it to the safe harbor sign

Say if you roll, just roll
Say if you lose, just lose

There were cactus flowers blooming in Arizona
over hot winds coming out of Mexico
Back then the hand of God
couldn't stop your power of Revvin'
So I knew I had to let you go

Say if you go, just go
Say if you fly, just fly

Worst thing about dying would be not to
playin
Worst thing about playin would be playin
uninspired
So I follow you halfway into Texas
Just to see your engine don't misfire

Say if you lose, just lose
Say if you fly, just fly
Say if you roll, just roll
Say if you roll -----
Say if you roll -----
Say if you roll -----
Say if you roll -----
