

Light Show by Erika Mork

D
Both positive and negative,
A
air insulates until scales tip
E
Like truth makes neutral, strobe aglow
F#m
Widely dist - illed, illuminated nodes
D
Sinking talons into telos
A
Equalizers for the ages
E
How many stories upon stories
F#m D
have been written to explain this?
-----CHORUS-----
A E
Hey Raven, is this what it's like
F#m
back when there was only night?
D A E
Hey Raven, with nothing out there shining bright
F#m
were you still somehow shown the light?
D A
Were you still somehow shown the light?
D F#m
Were you still somehow shown the light?

D
The same bulb went off to flip the switch
A
to sit in the dark, to take it all in
E
The scale in contrast, awe enhanced
F#m
Peace with issues and (in)significance
D
Water and electric don't mix
A
But sit in comfort and they complement
E
A stunning backdrop is a good excuse
F#m D
to draw the marrow and sketch a muse
-----CHORUS-----
F#m
D
Sometimes things rumble
A A F# G
without danger Without danger
E D A
be an open book
D
Sometimes gazelles jump
A A F# G
without danger Without danger
E D A
it's good to be shook
-----CHORUS-----
